ENTRIES STILL BEING RECEIVED

Expected That Five Hundred Will Enter for Track Meet

Entries for the track meet to be held at the State Fair Grounds on May 4th (noxt Saturday), continue to come in by every mail, and the director was busy up to a late hour Saturday night with the difficult task of classifying same. Already more than 200 entries have been received from the different colleges and preparatory schools of the State, and it looks at this time as if the 599 mark will be reached.

be reached.

The Virginia Tech, team, composed of fifteen men, entered in mary events, will make the other colleges hustle. This institution recently held its annual field day, on which occasion some splendid records were made, notably the 120-yard records were made, notably the 120-yard to fifteen seconds. Several of V.

L's old football stars will be found ing the members of its team, which alone insures athletic ability. The teams from Randolph-Macon, Wil-and Mary and Hampden-Sidney are nown quantities, but from the large ber of entries made by these colleges seems that they have confidence in the who are put forward to represent

Guire's second team, and five of the boys will tay for the honors. Richmond Academy enters three men, and will get relay team. The St. Andrew's batch will be turned in to-day. It is hoped that Nolley's School will also enter a midget relay team. Altogether, some sixty of the city's sturdlest youngsters are aspiring for glory, and each will see to it that his friends and sweethearts are there to cheer him on.

BROKE HER NOSE COMEDY OF LIFE. Dr. Young Preaches Eloquent

Sermon at Centenary.

The services at Centenary Methodist Church last night attracted a large audience, the main body of the building being well filled with worshipers. Rev. Dr. W. J. Young, pastor of the church, spoke from Psalm xxxvii. 13, taking as his subject "The Comedy of Human Life."

ject "The Comedy of Human Life."
Dr. Young is a clear, forceful and magnetic speaker, and his word pictures of the smallness of human and temporal affairs, when compared with those of eternity, were quite striking. He contrasted the Shakespearean view of life, "All the world"s a stage, and all themen and women merely players," with the biblical view, in which it is depicted merely as a place of preparation for

The music was an attractive feature of the service, as it always is at Centenary. The offertory solo, "The Ninety and Nine." produced a fine impression, and the closing anthem, "Art Thou Weary?" was also effectively rendered.

After the service the organist, Mr. Shepherd Webb, played a number of organ selections, a large part of the congregation staying to hear the music.

Family Recited by Missionary.

A number of letters received in Rich-mond recently tell of the awful conditions in the famine district in China and fully perish," in the famine district in China, and fully ated people, and they are dying by hun-

of children is not unusual, many having been offered to the missionaries for small sums or for a little food. The famine area embraces a great tract lying about two hundred miles northwest of Shanghai, the principal cities affected being Chinklang and Tsing-kiang-pu.

The Grand Canal affords the only means of transportation, and great barges of wheat and rice are being slowly and laboriously towed up it to the famine-stricken sections of the country. The people have no hope of relief until about June 1st, when the first early crops will begin to come in. Large sums of money have been sent from this country, and the United States government transports are being used for carrying grain and provisions from San Francisco to Shanghai.

The week in the City Hall will be a fairly busy one, many of the committees holding semi-monthly sessions being scheduled, as well as several which usually sit on the eve of council meetings. Monday and Wednesday will be the heavy days. The Common Council will not meet until Monday, May 6th, and the board Tuesday, May 14th.

Summary of Work,

A letter from Dr. James B. Woods, a
medical missionary located at Tsingkiang-pu, written to the Central Presbyterian of this city, gives a summary of the relief work already undertaken. Dr. Woods is a member of
the general relief committee and a
missionary of the Southern Presbyterian Church. His home is in Charlottesville. He says:

May God be glorified in all this and the people be touched by the love and care shown by the people in all lands. It is a relief to work and help and not to think too much of the sights before our eyes. The recipients of aid are very appreciative, and it would touch the harts of those who have given these funds to see the delight and hope these gifts

IMPORTANT WORK OF BAPTIST WOMEN

Coming Session in Richmond Promises to Be Most Interesting in History of Union.

The following cablegram, sent to the National Red Cross Association from National Red Cross Association from Shanghai a few days ago, sums up the situation from a number of points, and gives the present situation:
"The following are extracts from reports just received from foreigners in four famine centres:
"You-Wan—The famine is growing worse. Children in great numbers are dying.

The Baptist Woman's Missionary Union, which will hold its nineteenth annual session here in May, was organized in Richmond in May, 1888. Then it had a constituency of ten States, now it covers eighteen States and Territories.

The first anniversary was celebrated in Memphis, and collections amounted to 130,773. The purpose of the organization is mainly to stimulate the missionary spirit among women, the collections to be disbursed by the boards of the Southern Baptist Convention, of which it is an auxiliary. Recommendations from the boards are sought as to lines of work

NOTABLE REVIVAL.

Fifty Conversions at Tabernacle Church Yesterday.

Church Yesterday.

The revival services in progress at the Tabernacle Baptist Church for a week reached the climax of interest yesterday. Rev. William Lockhart Ball, pastor of the church, is conducting the services unaided, save by the large and efficiently trained choir and the members of his congregation. The recent enlargement of the church by a seating capacity of about 250 persons has not been sufficient to accommodate those desiring to attend some of the services, especially those of yesterday.

Evangelistic meetings were held in the Sunday school yesterday, and at the evening service at the church a total of fifty professions of conversion resulting from the day's work. A meeting for men was held in the afternoon, and the attendance taxed the capacity of the enlarged church. The chorus choir consists of twenty-five mixed voices, with organ, plano, and violin accompaniment.

The services will continue each evening this week except Saturday. A

The Seventieth Regiment companies in the city will begin the week with the drill and meeting of Company C tonight, followed by that of Company F on Tuesday night, Company B on Wednesday night, and Company A Friday night. Company drills, squad drills, battalion drills, non-commissioned officers' schools and drum corps rehearsals make things lively at the armory. Everything and everybody has "expositionitis," and the summer camp will find a large contingent from Richmond in the ranks.

LEGATIONS STONED

SAN ANTONIO, TEX., April 28 .- A special from Mexico City says:

SAN ANTONIO, TEX., April 28.—A special from Mexico City says:

"The most extreme indignation and wild excitement have been caused here by the report that the American and Mexican legations in Guatemala City have been stoned by a mob of several hundred men instigated to the act by agents of President Manuel Estrada Cabrera, of Guatemala. There is evidently a strong inclination to give credence to the report, and no official denial has been made, though the Federical authorities refuse to confirm it. Mexican troops are being mobilized on the Guatemalan frontier, though the War Department has stated that the mobilization is nothing more than a move to insure strict neutrality and to protect Mexican interests against any remote danger from irresponsible, marauding bands. The mobilized forces in the south will be under command of Brigadier-General Antonio R. Flores. Reports are also current here that Minister Gambou, representing Mexico in Guatemala, has left that country and crossed into Mexican territory as the result of friction with Cabrera's government grewing out of the government's sentiment from this country relative to the assassination of General Manuel Barillas.

Passports are said to be in preparation for Minister Manuel Giron, Guatemala, representative in this capital, for his return to his own country.
